Ford Out Performs Competitors

PAGE THREE

The flect of Ford cars shown above is the latest addition to the equipment of Toronto's magnificent Police Force.

These cars were selected only after exhaustive tests and comparisons with competitive makes.

Tests Show Ford Car's Superiority Police

Flashing "Get-Away" - - - Ford Wins! 1-4 Mile Speed - Test - - - Ford Wins!

Under actual police test the New Ford Car showed its marked superiority in flashing get-away-split-second pick-up-and high speed.

1-2 Mile Speed - Test - - - Ford Wins! 1 Mile Speed - Test - - - Ford Wins!

To present owners of Model "A" cars this isn't a new story—but to drivers of other makes and people who do not own a car, a ride in the New Ford is a revelation. But don't take our say-so—take a test. Phone 929 and request a demonstration. We want YOU to be the Judge.

FEATURES OF THE NEW FORD

Shatterless windshield glass and steel bodies. SAFETY RIDING COMFORT - Hydraulio double-act-

Low first cost and low upkeep. ECONOMY.

RELIABILITY

LOVE'S POTENCY By Aline Michae

The white soul said: "My mate must be A soul as pure as I;
Unrestrained by sin, unsullied, free,
A wanderer from the sky.

A sad soul crossed the white soul's path,
Deep-dyed with sin and shame,
A wreck upon life's seas of wrath,
Weighed down with woe, it came. With pity first the white soul filled, And then the tender touch Of love with benediction thrilled The soul that suffered much.

And all its sins fell, one by one,
Like dead leaves from a tree,
Till fair and pure that sad soul shone
Through love's strange potency.

Through love a strange potency.

"Labrador presents a transportation problem that at the best we have a great abundance of this In Labrador waters, and wealth are a strange potential in a second of the strange potency.

"It is not to be despised. Iron in the formation of the great abundance of this In Labrador waters, and wealth in Labrador waters, and wealth the rock formation of the great tableland is of the "Archanon complex" o

THE EMPRESS OF BRITAIN

THE EMPRIES OF BRITAIN
Canadian Pacific Railway and the Cansilan people must be proud of the majesic
shift, the Empress of Britain, which has just
made her maiden voryage across he Atlantic
that the state of the state of the state of the
people of Canada extend to the railway on
the putting into service of its greatest vesal. Her strength and her beauty are symbolic of the Empire within which ahe was

built.
The completion of this liner certifies the attitude of the Canadian Pacific Railway It is built on faith in Canada and in Canada institutions, being itself one of the greatest of institutions. It is this faith which has given the railway the new craft.

I HOW TWO FAR-SEEING PARENTS WILL HELP THEIR SONS TO KNOW MORE ABOUT THE PRACTICAL THINGS OF LIFE at seven o'clock and follow a

carefully arranged route and

schedule. This calls for their

interest in this country and

spending time in leading in-

dustrial plants. They will get

back to the sources of raw

materials-see how things are

mined and grown-and follow

them through the various

stages of manufacture. They

Bustling factories will

teach of the work of men and

millions of people.

On a bright clear morning this June, two boys will step eagerly into a Ford roadster and start on a motor trip that will last the whole summer through.

Theirs will be a trip never to be forgotten . . . long to be remembered.

Regular school will have closed for them, but their practical education will be but beginning. They will learn many things not found in books. Two far-seeing parents have attended to that.

Pressed by the boys to give them an automobile as reward for passing with high grades, the parents consented on one condition . . . that the trip must serve a useful purpose. So this plan was decided on. Each day the boys will arise

machines. The village farms and wide, rolling prairies will reveal the magic of nature and the treasures beneath the soil. Everywhere, through first-hand contact, they will learn more about the great country in which they live.

Thrown a great deal on their own resources-yet not too much-they will develop a poise and self-reliance they could get in no other way. The theory of books will become the actuality of fact.

Each night they will sit down and write a letter telling what they have seen and what they have done in that particular day. And two proud parents at home will read and envy and prepare perhaps to set forth on a similar adventure.

It seems altogether natural and logical that the Ford was selected for an extended trip of this kind. Always it has been associated with dependable, economical, useful transportation. For more than a quarter of

n century it has been both pioneer and leader.

Years ago it was the first automobile ever seen in many of the sections the boys will visit. Today it is a part of the lives and activities of millions of men and women. So universal is its service that people everywhere look upon it not only as an automobile but a national institution. It is the symbol and the expression of high value at low price, unique manufacturing and production methods, and higher wages for Canadian

Many thousands of miles of use will confirm your first impression of quality and give you a feeling of pride and satisfaction in the performance of the Ford. It will meet your highest expectations. You will come back from a long trip convinced that it is

"a great car."

A New SHELL service

for All Who Love to Fish

GOING FISHING!

STOP AT

THE Shell Company of Canada has made a special survey of the places where the finest trout and other fish in season are being caught, and now offers through its chain of Service Stations and Dealers this new service to all who are interested in fishing.

The SHELL ROAD SCOUT is constantly on the move in the great fishing districts of Ontario, gathering information as to the places where the best fishing can be obtained.

All the reliable information gathered by the SHELL ROAD SCOUT is immediately made available to Shell Stations and Shell Dealers everywhere in the Province, where, without any obligation, it is at the disposal of all motorists who may apply.

The SHELL ROAD SCOUT is an experienced and enthusiastic fisherman, and his car promises to become known as the first of its kind in Ontario, signalling a new movement in Service to the Motoring Public. When his dispatches are relayed to the various Shell Stations and Shell Dealers, the service provided will be the most up-to-date and dependable of its kind in Ontario.

You are cordially invited to take advantage of this new SHELL SERVICE. The Shell Company of Canada and its Dealers are glad of any possible opportunity to assist in making your fishing trip not only enjoyable, but as welldirected as possible.

IT PAYS to specify the name Kellogg's when purchasing corn flakes.

Here is the world's most popular ready-to-eat cereal. Costing only a few cents a pack-age. Always ready to serve. No trouble or work. Delicious!

Indeed, what other foods offer you so much value? Kellogg's Corn Flakes are de-lightful for breakfast, for lunch, for children's

suppers — and to enjoy as a bedtime snack suppers — and to enjoy as a beaume stack.

Serve with milk or cream. Add fresh or canned fruits or honey. Extra easy to digest.

Crisp and flavorful.

Wise buyers know that there is no substi-tute for genuine Kellogg's, the original Corn Flakes. Imitations never equal that Kellogg

An 8-tube Super-Heterodyne, on display at all Victor Dealers today

315 Front Street, Belleville

The "Superette MADE IN CANADA

"HE Victor "Supererie"! Impossible a few THE Victor "Superette : Impounds short months ago! Accomplished today! A real Super-Heterodyne - universally acclaimed by the greatest engineers as the finest of all radio circuits - at less than half the price it would have commanded last year.

When you hear the "Superette" at your Victor dealer's, make no allowance for its size! Expect the biggest radio performance and you'll not be disappointed. For it is a big radio in everything but size and price . . . an advanced eighttube Super-Hererodyne, with maximum selectivity, sensitivity and tone concentrated in a compact and beautiful cabinet.

And think of the value! Only \$89.50. A Super-Heterodyne at such a price is made possible only through Canadian production and Victor's vast scientific and engineering resources.

Consider all that this condensed giant of radio offers you in most modern development. Eighttube super-heterodyne circuit ..., super-control tubes combined with screen-grid . . . electrodynamic speaker . . increased-range tone control . . . push-pull amplification . . . noiseless operation and accustically correct cabinets.

Your Victor dealer will gladly deliver the "Superette" to your home today on easy terms. Hear it today. Compate its value.

There is NO EXCUSE for faulty brakes!

Many a life has been sacrificed to a set of faulty brakes.

They may have been thought to be in "pretty good condition" but they were just not good enough.

So little time is required to check over your braking system, so little expense is involved and the measure of safety pro-vided is so great that driving with brakes which you cannot depend upon verges upon criminal negligence.

"The right colours in a frock can heighten immeasurably a girl's beauty of eyes, hair and skin—make her whole personality glow and sparkle. Like the glamorous footlights of the stage, colour in dress LIGHTS YOU UP! Helps you to put yourself across.

"Don t be a dim bulb (to use a phrase I've borrowed from the boys). It's so easy to charm if you do 2 things:

colour of its power to thrill; it's like a lovely tune just slightly off key! And then, too, even a little change in a shade may make it WRONG FOR YOU. (Think how easily an exciting char-treuse can become a bilious yellow).

One Sure Rule

"There is just one way I know of to be SURE that colours DON'T fade. That is, to wash them only in Lux.

"Lux is made especially to preserve colour. Ordinary 'good' soaps clean, but take away some colour pigment. Lux cleanses beautifully, yet leaves the most delicate colour singingly ALIVE and TRUE in tone.

THE LITTLE CROOKED GARDEN

The little crooked garden
Has no path straight;
The roses run wild
On the arched white gate,
And the sun-dial, even,
Is a half hour late!

The garden isn't square
Nor smoothly round,
And it's built upon sloping,
Uneven ground—
But the wind in the pines
Has a singing sound!

Where veronica hangs Its goose-head tassel

Its goose-near case.

Is a gray stone, once
The miller's vassal,

Now wreathed in iv:
From Blarney Castle.

One early morning,
Watching the bees,
I perched on the milistone
Under the trees;

Under the trees;
And you passed by
As I rested there
In the crooked garden
That isn't square,
And it called you in
With its honeyed air!

Then, finding me With the bees alone. You too sat down On the old millstone.

On the old milistone.

And was it the Irish
Ivy's power,
Or the humorous look
Of veronica flower,
That we laughed. locked hands.

A MOTHER SINGING By Aline Michaelis

Oh, to hear a mother singing
As she lulls her babe to sleep,
Dreaming of the happy future
While the purple shadows creep!

When the shades of dusk are falling
And the daisies close their eyes,
When the whip-poor-will is calling
As the winds of night arise,

With the moon's slim crescent swing

ing
In the golden-hearted west,
Then how sweet the mother's singing
To the baby on her breast. Many wish to hear the voices That have won the world's

acclaim,
They would add to plaudits ringing
With the glory of a name!

The moder business is, he stated, a massuring row worth much in this period. He starting row worth much in this period. He would all the possible special period in the first period of the property of the period. He worth that no one should infer that, happy days are her again and that all people are off to the words. They are reasons why watch seeders need our watches. Because we know what is required of a watch. Know that a three seeds no use the seed of the seeds no use the seed of the seeds no use the seed of the seeds not take good. Because even our \$2.00 watches are guaranteed for one rear reason. Because every dollar above that amount that anybody pays grss them just that much more watch value.

Because we handle all the widely known makes, and do not touch anything that is uncertain.

ENERAL MOTORS builds a complete line of motor cars, one for every purse and purpose. You will find display at a dealer near you. Study their value. You will find them fine cars in every respect . . . beautiful and comfortable ... with mechanical refinements which set fine standards of performance, control and durability. They are thoroughly Canadian in manufacture. Because of this, and because a unified organization permits quantity purchases and low overhead, prices have been reduced and quality improved to such an extent that the phrase "General Motors Value" has become an expression of merit through-

out Canada. Then again, General Motors offers the motorist many other advantages. One of these is General Motors' own time payment plan—GMAC. This is designed to help you to buy conveniently, therefore the rates are the lowest available. Your continued satisfaction in your motor car purchase is pledged by the General Motors Owner Service Policy, the broadest and most generous in the industry. And a splendid body of dealers located everywhere in Canada is ready to execute its provisions, to render a standardized, reliable service, or to prove, at your convenience, the extra value in any General Motors car.

SLOW ON HIGHWAYS

For the work which has been done here for the deaf of the province, the student body can feel only the deepest gratitude. This school must be second to home in the influence it has shed upon their lives in fitting them for the high calling of life, which everyone has to fill and which he and she can best, fill who are trained for the tasks of life.

Mr. George F. Stewart, editor of the Canadian and his staff, deserve the praise of the Department of Education and of the chool for the magnificent special anniversary edition which marks the close of an era and the beginning of a great new day for the institution.

THE QUEST

To find something that has not been gound before is one of the great quests of man. Those, who have tried to explain the list and a train, or renders any little service, is it had been a constant to the part of the part of

SILENCE By Aline Michaelia

By Aline Michaelis
Sometimes a word has brought delight
Into my eager heart,
A word has set the world aright
A word as a word a word of the
A word on lips of love,
A word on lips of love,
And thought goes soaring like a bird
Wherever glad thoughts rove.

Wherever glad thoughts rove.
And slience, too, its balm can bring
To hours of loss or pain,
More tender than the words that sing
In fondest love's refrain.
To ears grown weary, sliver chimes
May lose their harmony,
And silence is more kind sometimes
Than may speech could be.

Old Dutch Cleanser does all your cleaning

> BETTER—because Old Dutch doesn't scratch; contains no grit; protects smooth and beautiful surfaces. Better because Old Dutch cleans hygienically; takes the invisible impurities with the visible dirt, assuring Healthful Cleanliness

> EASIER—because of the unequalled efficiency of Old Dutch, your cleaning is done with less time and effort; it is surprising how much a little Old Dutch will do.

QUICKER—because Old Dutch removes all dirt, grease and grime with a quick, clean, smooth sweep. Old Dutch will help you make short order of the difficult cleaning task. HADE IN CANADA

Your Greatest Enemy is the Moth

Insure your Furs, Winter Cloth coats, Robes and Draperies against this dangerous destroyer. The change of weather—so uncertain—so damp and so cold tends to breed the Moth, and since they are no respector of persons, the first thing you notice, some perfectly good gammant has become moth eaten.

Protect yourself, by letting us take the responsibility of keeping the Moths away. For a small amount, we safeguard any articles you want stored.

Drive SLOWLY through Villages

The law which limits the speed of motor vehicles to:

> 20 Miles an hour in cities, towns and villages and

10 Miles an hour at certain street intersections-

was enacted for the sole purpose of protecting life and property.

With the ever increasing volume of traffic, the observance of these speed laws is most important.

When you are tempted to disobey, remember how frightful may be the consequences of even a moment's disregard of the law . . . consequences which may entail a lifetime of regret.

Drive slowly through villages.

Here's Sanitary Protection that really fits, really protects

to fit inconspicuously; and it is so soft and comfort-

You know what a relief it is to feel entirely free of self-consciousness at times when sanitary protection is necessary. To feel well groomed, comfortable, at ease.

That's the feeling Koter gives you. Kotex, with its skilful shaping; its rounded corners; its soft filler. And it is so easy to dispose of 1

Wby Kotex is so Absorbent It is amazingly absorbent, you know. And there is a special reason for that. You see, it is made of fold upon fold of a dainty material, and each of these delicate layers is a quick, complete absorbent in itself.

Kotex absorbs laterally, not in one concentrated area, but sway from the surface. That is why it stays comfortable so much

Land to the many and the many

It started when Dick left to work in a neighboring city. Dick was full of enthusiasm, but apt to be just a little bit wild. So Dad started the habit of calling him once a week just to keep him under the parental influence.

Then Helen was married and moved away, and mother must needs make weekly voice visits with her.

And now Betty has taken a position in another town, Her voice comes home each week too.

Dad and mother gather all the news and pass it on to the others. It keeps the family together - and the cost of the three evening calls is less than a dollar.

Erening rates on "Anyone" (station-to-station) calls begin at 7 p.m. (local time). Just give "Long Distance" the number you want—it speeds any the service. If you don't know the distant number, the state of the st

... IT BRINGS KELLOGG'S CORN FLAKES OVEN-FRESH TO YOUR TABLE!

NO WONDER Kellogg's Corn Flakes are preferred by the majority of housewives. They are different in flavor, quality and freshness! Kellogg's Corn Flakes always reach you in perfeet condition. This is because of the patented Kellogg's Waxtite Bag.

This special bag also enables you to keep the flakes fresh and crisp even after you open the package.

Other foods are wax-paper wrapped. Some on the outside. Others have an inside wrapper. But only Kellogg's Cereals have a sealed waxtite inner hag. Sealed against odors, moisture and

Kellogg's Corn Flakes are one of the most economical and convenient of foods. From a single package costing only a few cents - many treats for breakfasts, lunches, children's suppers, late snacks.

Ready to serve with milk or cream. No trouble to prepare. With a "wonder" flavor that can't be copied. For many reasons, it pays to get genuine Kellogg's in the red-and-green package. Sold by all grocers. Made by Kellogg in London, Ontario.

height, with smple room for her population.

On the Empress you might be living on a swiftmoving island, where now and again you stroll
by the sex. Your private spartnenss are roomly
laxurious with all the pleasures of a country club
a deck or so away. On no ship in the world has
the individual passenger more living and play
apace, nor a greater number of diversions guthered
closer for his eelopjoment. Eve days at sea are all
too short, but next Docember the Empress of
Britain will sex sail to encircle the world on a
cruise lassing over four months. What better way

WHEN PRICE COUNTS

The DOMINION ENDURANCE

WHEN price counts—there is no need to buy cheap, cut-price tires which are not backed and serviced by a reputable company. Buy the Dominion Endurance - made, sold and serviced by Canada's oldest rubber organization, with dealers everywhere!

The Dominion Endurance is a low-priced tire-although it is built of materials that are of typical Dominion standards of quality, and that give extra wear.

If you want to keep your tire investment to an absolute minimum, buy the Endurance -it is the finest tire that can be made to sell at its very low price.

Dominion dealers will sell you Dominion Tires and Inner Tubes and give you good service when you want it. When you buy, buy Dominion quality.

They tell me that Vern Weir's juniors sure staged a raily in the last innings of last night's game at the Fair Grounds. They were down three, runs but they came through in the ninth with four runs to win.

Those are the kind of ball games that bring out the fans. A last minute rally always goes over big with the public no matter which team wins. Fans iell me that the skids are playing real good baseball so I think I'll have to see their next game.

N the markets of Empire, General Motors of Canada, Limited, is respected as a customer of importance, duo to its large and varied purchases. This recognition assures the finest of material, and large quantity buying brings favorable prices. The extensive purchasing activities in Canada of General Motors are under the direction of experienced business men. Suppliers everywhere adhere closely to specifications with meticulous regard for General Motors' high standards of quality. Thus, unusual buying advantages accrue to General Motors and are quickly passed on to the public. They are definitely reflected in the outstand-

ing advantages and value of General Motors cars. That motorists appreciate this fact is evidenced by the tremendous and lasting popularity of all General Motors Products. These factors have also enabled us to assemble a reputable and competent body of dealers all over Canada who render a standardized, reliable service wherever you drive. They also offer you the convenience of buying on time payments through General Motors' own low rate time payment plan, GMAC. They also, every one of them, stand back of the General Motors Owner Service Policy, which assures your complete and continued satisfaction.

The cause of the accident is said to have been the hurricane which drove the passengers to the port side for shelter with the result that the vessel capsized. No blame has been levelled at the ship or the captain.

Owen Sound Sun-Times wants to know how there are to be any parachute jumpers in the future if only experienced jumpers are allowed to jump from planes. "Parachute jumpers are not turned out in a factory," the paper states. They can only become such by becoming experienced, and if they never jump, then can never gain the necessary experience.

MY ENEMY By Aline Michaelia

My enemy crept in with cruel-guile
And atole the treasure that I held most
Leaving of life a barren place; no smile
Was there, no dreams, no hope, no fear.
My house of life in shattered ruins lay.
After the gem that centred all was gone,
It mattered not what fate might take

Yet, after anguish ebbs and grief is en passion's tempests pass, the the pain,

Hotpoint Cookery~ is Clean - Cool - Convenient

HEAT from a General Electric Hotpoint Range is clean as sunshine. There are no fumes . . . no soot deposits. Pots and pans stay clean . . . and so do the walls and curtains.

All the heat is used in the cooking . . . enabling you to enjoy a cool kitchen even in summer. The General Electric Hotpoint is made of AllSteel which absorbs very little heat and reduces cooking expense to the minimum.

Hotpoint cookery is convenient, too. A snap of the switch gives you any heat you want. Oven control can be entirely automatic. And features like the Economy Cooker bring you magic convenience. Why not have a demonstration-today?

HERE'S THE MOST IMPORTANT FACT YOU NEED TO KNOW ABOUT TIRES

MORE PEOPLE RIDE ON GOODYEAR TIRES THAN: ON ANY OTHER KIND

That's how people have recognized and approved Goodyear quality. It has been a feat for 16 years. In 1915 more people rode on Goodyears than on any other tires. Each year since then the Goodyear preference constantly has been swelling, growing, until today the margin of public acceptance of Goodyear Tires is greater than it has ever been.

You don't need any other facts. No sales argument, no bargain (?) price, no real or fanoid inducement can persuade you to fly in the face of the facts that have been gathered by years of tests on case owned by your neighbors and your town-neaple.

Your tests have been made for you.
Your experimenting has been done. Your course is clear. You need Goodyears. In fact, they are probably the only tires with which you'll be satisfied this year.

And you know, of course, that even though Goodyears have the quality that has given them a tremendous public vote

ALL WEATHER

*An independent survey bureau asked hundreds of y in Belleville to state their tire preference and 88 per m named "Goodyear" as the tire they would ohoose.

PIPE TESTED by a PRAIRIE FARMER

One evening, several months ago, I tried your Turret se tobacco after the chores were done and supper was er. It is cool and sweet. Even my wife said, 'What kind tobacco is that? It certainly smells good.'

So, finding that we are unanimously in favour of Turret pipe tobacco, I have smoked it ever since . . . If you ever stop making Turret pipe tobacco, you're going to take a lot of joy out of my life."

THE DE LUXE ROADSTER

(with rumble seat)

Ford line. It is smart, youthful, with graceful flowing lines, fisshing colors and rich appointments. And as speedy as it looks!

The new Ford De Luxe Roadster is upholstered in genuine Bodonin grain leather, tan colored to match the striking top. This top is hand-tailored in appearance, with small natural wood bows. The rear curtain has an

oral window of heavy plate glass.

Other pleasing features are the comfortable rumble seat, fender-well for spare wheel, folding trunk-rack, folding windshield and windshield wings of shatterproof glass and the bright, gleaming Rustless Steel used

for many exterior metal parts.

Come in and see this new Ford De Luxe Roadster, and arrange for a demonstration. It is striking in appears ance and a joy to drive.

IMAGINATION

By Aline Michaelia
All day he tends the reatless sheep,
He herds them as they go
Along the hill paths, rough and steep
Or through green vales below.
His world is but a little thing,
Great hills to make a wall;
Aloft, he sees the white stars awing
When purple shadows fall,

At night before the ranch-house fire Upon a bench he curls And paints a world to his desire In flames and smokewreath swirls.

In Hames and smokewreath swi Earth is a wide and splendid place Of wonders manifold, From flowers frail as fairy lace To cities mad with gold.

WELCOME protection against summer heat and winter cold, sturdy structural strength . . . and year-round security against FIRE. All this is now combined in one insulating board-PYRO/TEST.

Never before has this been achieved. For PYRO/TEST is the first, the only board of its kind ever developed. In insulating efficiency and structural strength PYRO/TEST is fully equal, or superior, to any other insulating board. And PYRO/TEST alone combines this high degree of insulation with adequate, certain protection against fire.

* * See PYRO/TEST. Test it as rigidly as you please. Let PYRO/TEST itself demonstrate its fire safety.

OR almost a quarter century General Motors cars have been owned and driven throughout Canada under every conceivable road and traffic condition. This varied experience of almost three-quarters of a million owners has directed and aided General Motors of Canada, Limited, in the improvement of all its cars. This has aided in the Adetermination of body styles, types and appointments. It has increased factors of safety, utility and comfort. By interpreting the needs and wishes of this owner public throughout constant experiment and development, General Motors is able to build cars of well-rounded completeness.

And thus a vast and far-flung owner experience makes its contribution to the outstanding values in General Motors cars. General Motors' contact with the public is through a splendid body of dealers . . . men of substance in their respective localities. These men sell and service General Motors cars because they, experts in the automotive field, themselves appreciate General Motors Value. They extend to you the advantages of buying on time payments through GMAC, General Motors' own low rate plan, and pledge your continued satisfaction with the General Motors Owner Service Policy. THE SONG OF AGE

What is it that makes a lifetime?
To hold the manly strength
Of youth's rejoicing strife-time
Till it reaches the Psaimist length?
Is it worth the strain of the long years

i worth the strain
pain
To keep the body alive?
Uld you rather be old at eighty
Or young at thirty-five?

Or young at thirty-five?
The fairest tree in the orehard
That makes the Maytime bright,
By partial the temper tortured,
May crop with early blight.
And many a flame of a promising nam
That men thought might survive
To light the world at eighty,
Dies down at thirty-five.

HE curtain rises on the second great act in the Ontario fishing season on Canada's st-enjoyed national holiday, July 1st-next

Then the angler may fish for all types of the se, fighting Ontario bass and that hold and afty battler, the muskellunge.

Many thousands of anglers are now preparing to go out to match their tackle and ability with see two champions of lake and river, which ask quarter and "are never caught until landed".

In order to provide anglers with the most dependable information regarding the fishing places in Ontario, the Shell Road Scout has been on a constant tour securing accurate information as to conditions at and about these fishing

You will want to know how roads and as edations are, and how to reach good fishing districts with the least trouble and loss of the Stop at the Sign of the Shell. Every Shell dealer has been receiving special bulletins over the last two weeks in anticipation of the get-away signal on bass and lunge. He will be glad to give you the full benefit of this information, which is as fresh as the Shell Road Scout can make it. He also has information as to the localities where trout are being taken.

This service is designed to make your outings as desirable as possible. Make use of it, without obligation, before you go out on Dominion Day for bass and Tunge.

A RIDE in one of these latest Chryslers will convince you of that. Will convince you that Chrysler cars are joyounly different from other cars. Not only smarter to look at, but more fascinating to drive. More life, more look at, but more hacinating to drive. More life, more spirit, more snap in pick-up, more security at high speeds, more ease and safety of control. Chrysler proves on the road that only Chrysler engineering is able to give Chrysler results. Drive a Chrysler and learn the difference—learn why you'll be happier with a Chrysler.

BRAVE PRAYERS

Oh, there are prayers that flare and fade Like candie-flames in breeze, Small prayers that venture, half afraid, Of heaven's mysteries.

The flutter of their feeble wings
Casts but a tiny spark,
Against fear's sable veil that swings,
Inscrutable and dark.

Within the shadowed realms of doubt
Through which they needs must fare,
These little prayers may flicker out
In the unkindly air.

But other prayers are sure and strong
And steadfast as a star;
They fear no flight, however long,
That leads to heaven's bar.

They falter not, nor hesitate Though tempests clash and roar; On mighty wings importunate The brave prayers soar.

LOVE'S DOOR. By Aline Michaeliu

There are so many doors to life,
With all its cares and stings,
That I shall fling one wide some day
And look on greater things.

For it is folly to endure
Mishaps without surcease,
When through a wide and lofty door
One step would lead to peace. Oh, I will press a long-closed door With timid, suppliant hand, And there, before my happy eyes, Will lie enchanted land.

A lofty door, a shining door
Which I have never passed;
Ah, I shall fling it wide some day
And gain love's land at last!

And gain love's land at last!
